

Personalised Learning

The New Era of Education has just landed!

Are you interested in:

- Less **stress & tension** in the classroom?
- Each student **responding to** your teaching?
- Knowing what **your students need** to succeed?

DON'T MISS OUT, LEARN MORE ABOUT this groundbreaking training on personalised learning with ph360™!

Why Personalised Learning?

Each child in a classroom is unique and needs something **different**:

- ✓ Different DNA means different **bodies and brains**
- ✓ Different **needs, wants, and preferences**
- ✓ Different **learning styles**, at different speeds
- ✓ Different **behavioural reactions** when stressed or happy

Everyone Benefits!

- 1 Students:** Understand their own unique learning style
- 2 Teachers:** Learn to facilitate a student-led personalised learning experience
- 3 Schools:** Create a healthy and happy environment and culture for teachers, staff and students
- 4 Community:** Becomes cohesive, collaborative and united

DON'T MISS OUT!

Join leaders in AU & NZ innovating and implementing Personalised Learning

ANNOUNCING: Personalised Learning Interactive Workshop & Professional Development

You will learn:

- ✔ Foundational epigenetic sciences that relate to individuality in the classroom
- ✔ How these differences predictably explain behaviour and preferred learning
- ✔ Strategies to maximise a learning experience by understanding the biology of your students
- ✔ How personalisation can be used to minimise stress of both teachers and students

You will experience:

- ✔ How to tackle real scenarios through the lens of epigenetics in practice
- ✔ Opportunity to discuss real world challenges with the personalised learning team

"ph360™ has created transformational improvements in communication, understanding, and awareness of thousands of individuals throughout the world with their evidence-based approach. Families are being transformed as parents understand and appreciate their unique children in new ways. I believe personalized teaching and learning with the ph360™ 'lens' will similarly transform schools as educators understand each unique student."

Chris Riemann, Principal of 35 years

COMPLETE PROFESSIONAL DEVELOPMENT
HOURS that contribute to a more personalised
learning experience for lower stress and
greater outcomes in the class and staff rooms
